SIR:

AMENDMENT

In response to the Office action of June 21, 2001 the following claims are presented for examination:

1. A wireless terminal comprising:  
an antenna;  
a first visual indicator that indicates to a user of said wireless terminal when a radio is transmitting; and  
a signal lead for carrying an RF signal from said radio to said antenna and from said antenna to said radio and for carrying a first baseband signal from said radio to said first visual indicator for activating said first visual indicator.
2. The wireless terminal of claim 1 further comprising said radio.
3. The wireless terminal of claim 2 wherein said radio is integral to a PC radio card.
4. The wireless terminal of claim 1 wherein said signal lead is connected to said radio by a detachable connector.
5. The wireless terminal of claim 1 further comprising a second visual indicator that indicates when said radio is receiving and wherein said signal lead also carries a second baseband signal from said radio to said second visual indicator.
